Edward Jones, its employees and financial advisors are not estate planners and cannot provide tax or legal advice. Please consult a qualified tax specialist or lawyer for professional advice regarding your specific situation.

¹ Your personal Line of Credit is a margin account. Borrowing against securities involves greater risks than using cash resources only and is not appropriate for everyone. Your responsibility to repay the loan and interest continues, even if the value of the securities declines. If the value of your securities declines, you may be required to deposit funds, additional securities, or sell the securities in your account to meet the margin call. Interest begins to accrue from the date funds are borrowed and is charged to the account. Rates are subject to change without notice. Available only for certain account types and subject to approval.

² Mortgages are offered through Manulife Bank of Canada and Manulife Trust Company.

Systematic Investing does not guarantee a profit or protect against loss.
